Education

McMaster University

Expected Graduation: May 2027

Software Engineering and Management Co-op (B.Eng.Mgt.)

Relevant Course Work :

- Object Oriented Programming (Java), Data Structures & Algorithms (Java, C++), Software development (C, Bash/Unix), Digital Systems, Interfacing, & Computer Architecture (Verilog).

Personal Projects

Personal Website | *HTML/CSS, JS, Google Sheets*

- Developed a professional personal portfolio using HTML, CSS, and JavaScript characteristics.
- Exploited HTML/CSS tags to create responsive, visual effects.
- Created an automated text-receive system, storing contact information in Google Sheets.

"Dice Art" Image Filter | *Python, Streamlit*

- a user is able to upload an image of their choice and have it visualized using only the six sides of a casino die.
- Leverages Python's imaging library (PIL) and Streamlit capabilities.
- Utilizes Streamlit's onboard functions to denote on-screen effects (loading bars, success messages, etc.)

Password Resilience Analyzer | *C*

- A chatbot-like program which utilizes a ranking system to denote the strength of an inputted password.
- Implemented a user-friendly interface where the user can pick one of three options prompted (Test new password, Check last password strength & Exit).
- Undergoes various conditions (uppercase, numbers, special characters) to construct a score of Weak, Moderate, and Strong.

Experience

Highschool Tutor (Math & Physics), Oakville, ON

2023 – PRESENT

AskTutors. INC

- One-on-one tutoring sessions (online + in-person) for high school students in Math and Physics, prioritizing individual learning gaps and enhancing overall understanding.
- Tailored lesson plans to meet diverse student needs and learning styles (inc. IEP).
- Monitored and assessed student progress, adjusting instructional techniques as needed to ensure optimal growth.

Customer Service Representative, Halton Hills, ON

2018 – PRESENT

Petro Canada

- Ensuring efficient operations at the retail fuel and convenience store.
- Tailoring to customer needs while maintaining seamless transactions and a clean, organized work environment.
- Maintaining clear and open communication with customers to ensure mutual understanding during transactions.
